

**SCALING
WELLNESS
IN MKE**

Scaling Wellness In Milwaukee (SWIM) was formed to increase strategic partnerships between local service providers of all sizes addressing generational trauma in Milwaukee. SWIM’s mission is to drive community-based collaboration that helps to prevent and respond to trauma and creates a resilient Milwaukee. SWIM initiatives include providing wellness and capacity building activities for small trauma-facing community-based organizations and delivering trauma responsive workplace trainings and retreats. There is no better time than now to make healing trauma and building resilience the priority in Milwaukee, so that our community and its people can heal. This work must be done collaboratively, coalescing the strengths of the many organizations of all sizes doing meaningful work on behalf of their constituents.

Scaling Wellness In Milwaukee SWIM was founded on community engagement, and strategic initiatives were developed to respond to needs identified through community input by those with lived experience. SWIM consistently gathers between 150-250 volunteers at its regular meetings.

SWIM has over 1,100 supporters and followers including major Milwaukee companies and organizations. Join as one of our annual supporters through one of the sponsorship levels below and increase visibility of your organization while supporting the community.
